SISTERS

---

Hello, we are the Jancova Sisters, a creative duo committed to inspiring and motivating children and young people through our comics. Since 2019, we have been creating comics that tackle important social issues, aiming to be positive role models and encourage creativity. Our comics address ecology, discrimination, democracy, values in sports, and more, always focusing on engaging and educating young readers.

ZUZI - COMIC ILLUSTRATOR

IVA - COMIC WRITER

We are a creative duo, with Zuzi as the comic illustrator and Iva as the writer. Zuzi brings stories to life through dynamic illustrations, while Iva crafts compelling scripts and dialogues that shape the narrative. Together, we create cohesive and engaging comic stories from start to finish.
